Kasper leads Plesner's Accounting team and is responsible for the team's day-to-day management, operations and development.

His responsibilities include the administration of client accounts, matter-related financial processes, general accounting and financial control, cash and liquidity management, as well as month-end and year-end closing processes. He also contributes to financial reporting and audit activities and works to ensure robust internal controls and high-quality accounting processes.

Kasper has broad experience in accounting and finance operations and plays a key role in the continued development of Plesner's finance function. He has a particular focus on process optimisation, digitalisation and the implementation of new systems and efficient ways of working.

Kasper holds an MSc in Economics and Business Administration in Finance and Accounting.
