

Specialised advice

Practice area under Automotive

Our clients primarily include car manufacturers, private and factory-owned car importers, banking and finance companies, car rental companies and trade associations. Our many years of expertise and experience in the automotive industry and its regulation enables us to render advice on all legal issues faced by companies in the automotive industry, including:

- Reorganisation/restructuring of dealer networks
- New authorised dealer and repairer agreements
- Implementing agency models
- Consignment and wholesale financing of new motor vehicles
- Financial and private leasing and demo leases
- Commercial agreements for the transport and storage of new motor vehicles
- The comprehensive EU regulation containing detailed regulations for motor vehicles, including type approvals, product safety, equipment and equipment of motor vehicles
- The marketing law rules in relation to the marketing and sale of brand-new motor vehicles
- Defence in criminal cases

We always aim at being at the forefront of market developments, and we closely follow the political and legislative considerations and initiatives in relation to the automotive industry.
